

# St Benedict's Infant School

## Sports Premium Funding 2015-16

### The P.E. and Sports Premium spending report 2015/16

The government is providing additional funding to improve provision of physical education (PE) and sport in primary schools. This funding has been provided jointly by the Departments for Education, Health and Culture, Media and Sport. This funding is ring-fenced and therefore can only be spent on provision of PE and sport in schools.

#### Funding for St Benedict's

April 2015- July 2016

How did we spend the funding?

Activity	Cost
After school specialist coaching Footie Bugs, Story adventure	£1638
CPD - training for teachers	£1000
Sports days during Olympic week including rewards	£2850
<b>TOTAL SPENT:</b>	<b>£5488</b>

## **After School Clubs**

A review has shown that our children come from a deprived area with limited access to sports facilities and green fields. We organised after school clubs for children to get a real value from the Sports Premium Funding and help children to get more active, healthy, and learn the confidence and skills that will help them succeed in life.

The children have worked with coaches from Footie Bugs for the majority of the year. The football after school club is always well attended and over a 6 week block the children's progress is evident. There was also a 20% increase of SEN and Pupil Premium children attending after school clubs. The impact of the after school clubs was that children were able to enhance their skills, encourage social independence and build their confidence.

*"Footie Bugs was very fun because I learnt lots of new ways to play Football and the competitions were good"*  
(Child 1)

## **CPD training**

After reviewing the teaching of PE and questionnaires being filled in by the teachers, results showed that teachers wanted support in the teaching of games in PE. This year we worked with an excellent coach from Premier Sport who specialises in games. He came into school for a 6 week block to work alongside teachers to give them fresh, new and exciting activities to teach in their PE lessons. The feedback from teachers was very positive and all staff feel their lessons have improved as a result, this also has had a sustainable impact. This year the PE progress within 'Games' has also improved with 95% of year 2 children making progress.

## **Sports Days**

In July we held a 'Olympic Week' at school. As part of health week we had a sports day for each year group. The idea of the day was for the children to try something new and work hard as a team to win. The funding was used to hire specialist coaches so every child could try fencing, Bollywood dancing, archery, basketball and football. The children really enjoyed the day and loved trying the new sports and overcoming new physical challenges. Next year we aim to improve the day to get more coaches in and have a wider variety of activities so the children get more experience of different types of sports.

## **Future funding**

IF YOU HAVE ANY OTHER IDEAS ABOUT HOW YOU WOULD LIKE OUR FUNDING TO BE USED THEN PLEASE TALK TO THE HEADTEACHER OR MISS BEGUM, THE P.E. CORDINATOR.

## **St Benedict's P.E. Vision Statement**

At St Benedict's Infant School our vision is to ensure that PE plays an important role in the development of our children. Through providing a broad range of opportunities we aim to improve health and wellbeing, to promote active participation and lifelong learning and for each child to fulfil their physical potential.

We aim to provide this through:

- building self esteem
- learning to co-operate as a team and displaying leadership skills
- Motivating and enthusing children to be actively involved
- be proud of achievements
- providing quality opportunities for children outside of school time
- ensuring a safe and stimulating environment
- promoting fair play and respect
