

**The Hub
Discovery Den Autumn Term**

What will we learn this term?

My Communication

Pupils will communicate their likes and dislikes by vocalising, finger pointing, choosing or holding. They will learn to make a choice between 2 items. Pupils will learn to follow an instruction.

Makaton – Some pupils will begin to learn to communicate using Makaton signs.

PECS – Some pupils will begin to request items using picture cards.

My Art

Pupils will explore colour and find out what happens when they mix colours together. They will explore people through art techniques such as painting, collage and printing.

The World Around Me

Pupils will learn about the people that are important to them. They will find out about the people in school and different jobs that people have. Pupils will learn how to take photos of people.

My Physical Wellbeing

Pupils will move in different ways including jumping, climbing, running, rolling and dancing. They will move around on different body parts.

My Outdoor School

Pupils will play games in the outdoor area such as parachute games, hide and seek and singing games.

My Play and Leisure

Pupils will take part in learning through play activities including discovery and sensory free play.

My Thinking and Problem Solving

Pupils will be encouraged to solve problems during their play. They will be challenged to find the items they need, use another item creatively, or ask for help from friends or adults.

My Independence and My Relationships

Pupils will learn body parts through songs and games. They will draw, paint and collage to make faces and people.

Music

The Royal Birmingham Conservatoire will be working with the pupils to teach songs and singing games.
