

Scrumdiddlyumptious!

Year 3's Curriculum Newsletter

We're going to enjoy a yummy journey of discovery, sampling fantastic fruits and tantalising treats! This half term, we'll visit Cadbury World to find out about chocolate. We'll try different types of bread, and maybe even bake our own. In art and design, we'll look closely at fruits and vegetables and sketch what we can see. We'll follow recipes and learn about foods from around the world. Using fruits and vegetables, we'll make musical instruments and sculptures. We'll also learn about the fascinating discoveries made by the physicist James Lind.

ILP focus	Science
English	Losing Tale – Daft Jack
Science	Nutrition

PE	Exercise
RE	Wesak
Rights Respecting	Global Goal 3: Ensure healthy lives and promote well-being for all at all ages
Educational Visit	Cadbury's World – 30 th April 2019

Help your child prepare for their project

This is a perfect opportunity to taste new foods and have a go at following recipes. Why not bake healthy muffins or prepare a slow cooker stew together? You could also sample adventurous foods from around the world. Alternatively, you could read the packaging of foods in your fridge to find out where they have come from.

Year 3's Notices

All Year 3 children have a login for Times Tables Rockstars. Please use the link provided to support and encourage your children to go online and practise their timetables.
