

Year 5
Week Beginning
19.5.23

If you would like to explore some of your learning from this week at home, just click on the links below. We hope you will enjoy these opportunities!

Maths

5A and 5H

L14 Division With Remainders

In this lesson, we will explore how to interpret remainders in the context of a problem. We will begin with very simple numbers we can calculate mentally, reasoning whether the answer needs to be rounded to the next whole number or not before moving onto numbers suited to a short division strategy.

Mrs Haider's Group

L4 Understanding multiplication can be completed in any order

In this lesson, we will introduce the term 'commutativity', and study the properties and laws of multiplication. We will use arrays to prove that multiplication is commutative.

If you do not have a login please ask the class teacher.

Spelling. Punctuation and Grammar

5H and 5A

L3: To revise complex sentences

In this lesson, we will revise complex sentences. We will review simple and compound sentences and then discuss what a complex sentence is. We will review how to punctuate complex sentences and practise writing complex sentences.
