Mrs Matharu's Maths Group:

[To find unit fractions of a given quantity](#)

During this lesson, we will continue to focus on unit fractions by finding fractions in different contexts. We will use pictorial representations alongside multiplication and division facts to solve a range of problems.

Mr Annetts' Maths Group

[To identify right angles](#)

In this lesson, you will recap on the names of different types of angles. We will be looking specifically at right angles today and exploring where they can be found. We will learn what makes an angle a right angle. We will make right angle checkers to help us investigate. We will also be making predictions about the number of right angles in a variety of different shapes.
