4th July - St. Benedict's Got Talent

7th July - Children meet new teachers

10th July - Health Week, including sports days

14th July - Science Fair

17th July Graduation events - Reception (08:50am) and Year 6 (3:30pm)

School communication

The School Gateway is our way of sending messages and for parents to make payments.

The App is now working, and you should have received messages from us on the App.

If you have not received the messages, please speak to the office for help.

Find out how our school staff surprised the children with a music concert!

On the last day of term our wonderful staff surprised our children with a whole school music performance. No wonder our children love coming to school!

Watch the video of the assembly – wait for the moment when the staff surprise the children!

The video is on our school website or can be found at:

<https://youtube.com/watch?v=GtFggU1zTiQ...>

Or Search YouTube : Teachers surprise children with flashmob performance! RBC St Benedict's Primary School of Music

Online Safety

On Wednesday 18th June, we were delighted to welcome **Alan McKenzie, online specialist** to our school.

The turnout for the parent's meeting was fantastic, and it was wonderful to see our parents coming together around such an important topic.

Our KS2 children also gained tremendous insights during Alan's sessions, learning practical skills about staying safe online.

Alan McKenzie has recommended two excellent resources that can support you at home:

Internet Matters provides practical advice and tools to help keep children safe online, offering age-appropriate guidance on everything from privacy settings to recognising potential risks.

Common Sense Media offers reviews and ratings of apps, games, and websites, helping you make informed decisions about what's suitable for your child.

These resources will help you continue these important conversations at home.

Come to the Coffee Morning on Thursday 26th June to find out more.

Science - Art Competition

Entries in by Friday 4th July 2025

You can support your child by talking with them about the science topics they've been learning at school. Help them plan and create their project at home and encourage them to be imaginative and have fun with it!

All children who enter will receive a certificate, and the winners will receive a surprise gift!

Here are some project ideas to get started:

Science Topics by Year Group		Some examples of projects
Hub/Resource Base: Plants / weather	Reception: Habitats	A habitat shoebox diorama A magnet-powered maze A solar system mobile A comic strip about electricity A plant sculpture made from recycled materials A light experiment using torches and mirrors A timeline poster showing animal evolution
Year 1: Animals	Year 2: Animal Survival	
Year 3: Magnets /Plant Nutrition	Year 4: Animals and Habitats / Electricity	
Year 5: Earth and Space/ Materials	Year 6: Light / Evolution/ electricity
