Friday 20th June	Y1 Science workshop Y3 Parent Assembly Y5 trip – Eco Park	

St. Benedict's Got Talent.

St. Benedict's got Talent has been rescheduled for 4th July. We have explained the reasons to the children and would ask that parents reinforce our message that we have high expectations for behaviour from all of our children.

Help your child to stay safe online

Alan McKenzie - Online Safety Consultant

We are delighted to welcome Alan McKenzie, a leading national Online Safety Consultant, to our school on **Wednesday, 18th June.**

Alan will be hosting a parent meeting at 8:45 in the main hall.

It is essential that every parent should attend as the session will focus on the growing risks children face online.

Trip Payments

The last trip payment is via our Gateway app. This is the last of 3 payments we asked you to pay this year for trips. All children go on at least one big trip per year, plus other local trips.

Eid Mela

A big thank you to everyone who enjoyed their time at the Eid Mela. It was a great atmosphere, and we raised £1,200 for School Fund. This money is used to pay for treats. For example, we have a theatre coming into school on 23rd May to perform 'The Jungle Book.'

Friday, 4th July 2025, Science-Art Competition deadline

You can help your child by talking to them about their science topics they have done at school and help them plan and create their project at home. Please encourage them to be imaginative and have fun!

All children who enter will receive a certificate and the winners will get a surprise gift!

Below are some ideas:

Science Topics by Year Group		Some examples of projects
Hub/Resource Base: Plants / weather	Reception: Habitats	A habitat shoebox diorama A magnet-powered maze A solar system mobile A comic strip about electricity A plant sculpture made from recycled materials A light experiment using torches and mirrors A timeline poster showing animal evolution
Year 1: Animals	Year 2: Animal Survival	
Year 3: Magnets /Plant Nutrition	Year 4: Animals and Habitats / Electricity	
Year 5: Earth and Space/ Materials	Year 6: Light / Evolution/ electricity
