Thursday 13th March	Animal man in school! Hub and Base closed All other children in school.	Drama Y1/2 Science Y6 Photography Y5 Gardening KS2
Friday 14th March	Hub and Base closed All other children in school.	

Science Week

We are thrilled to announce our forthcoming Science Week, filled with stimulating activities designed to ignite the curiosity of all our young learners. Prepare for a week of exploration and discovery!

For example, we have chicks' eggs arriving in school on Monday and we hope to see them hatch next week. We also have a day of live investigations and a visit from the Animal Man too.

Make sure your child is in school every day next week so that they do not miss out on the fun!

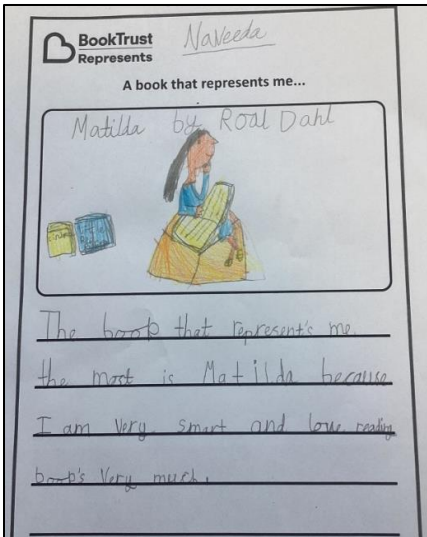

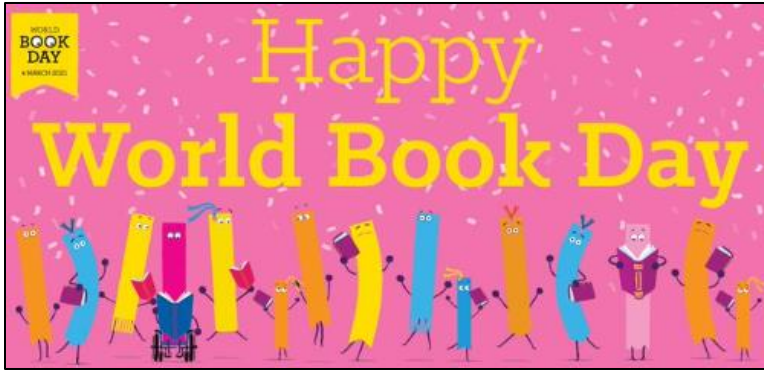

A Safeguarding Message – Children should be wearing seat belts and using appropriate car seats when travelling in cars.

Car seat belts help protect passengers from serious injuries in the event of an accident by keeping them securely in their seats. **Our children have been seen travelling in cars without a seat belt or a car seat. This is not safe and is against the law.**

THE LAW ON SEAT BELTS:

- Drivers are responsible for ensuring that they and any passengers under the age of 14 are wearing seat belts.
- Passengers aged 14 and over are responsible for wearing their own seat belts.
- Children must also use an appropriate child car seat until they are 12 years old or 135 cm tall, whichever comes first.

World Book Day

Yesterday, we had an amazing World Book Day. The children had lots of fun reading and writing book reviews about books that represent them.
