

Learning through play

- Have an indoor picnic or tea party, invite some teddies along. Don't forget to use your manners!
- Make and decorate a paper aeroplane

- Use old boxes and tubes to make a model
- Use an old sock to make a puppet
- Decorate an old t shirt!

- Draw round your hand and make a monster
Can you give him a name?
Can you write a story about him?
- Collect empty plastic bottles to make skittles. If you don't have a ball, use a rolled up sock. How many did you knock down? How many are still standing? How

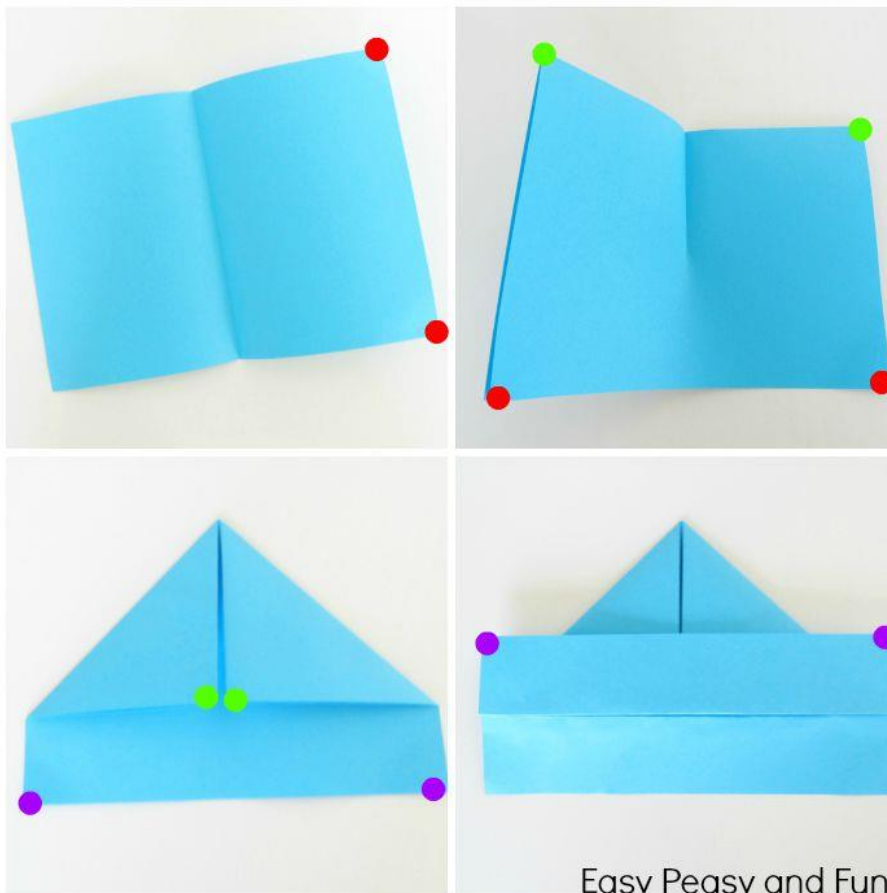

many altogether?

- Use empty containers with some rice or pasta inside to make your very own shaker!
- Have someone help you draw around your body on the back of some old wallpaper or lining paper, write on all the parts of the body that you know.
- Put a secret object into a box, have a family member feel inside without looking, can they describe it? Can they say what it is? Now your turn!
- Tie a string between two chairs and peg out some 'washing' can you count the clothes?

- Go on a scavenger hunt around your house, can you find; a cup, a pencil, a pair of socks, an empty box, a spoon, a hat, a crayon, a lid, a book. How many did you find? Can you write them in a list?
- Can you write a letter or draw a picture for your teacher? You can give it to them once we are back at school or you could post it.
- Use a ball of tinfoil and a cardboard tube to make a microphone! Put on a show!

- Go on a scavenger hunt in your garden. Can you find; a pebble, a brown leaf, a green leaf, a flower, a tree, a berry. How many did you find? Can you write them in a list?
- Play a memory game: Collect 8-10 items from around the house. Ask a family member to close their eyes while you take one away. Can they say what is missing? Now your turn!
- Make a simple paper boat and sail it during bath time!

- Explore Google Earth! Can you find your house? Can you find our school?
