

Adding More Minibeasts

Maths PowerPoint

twinkl

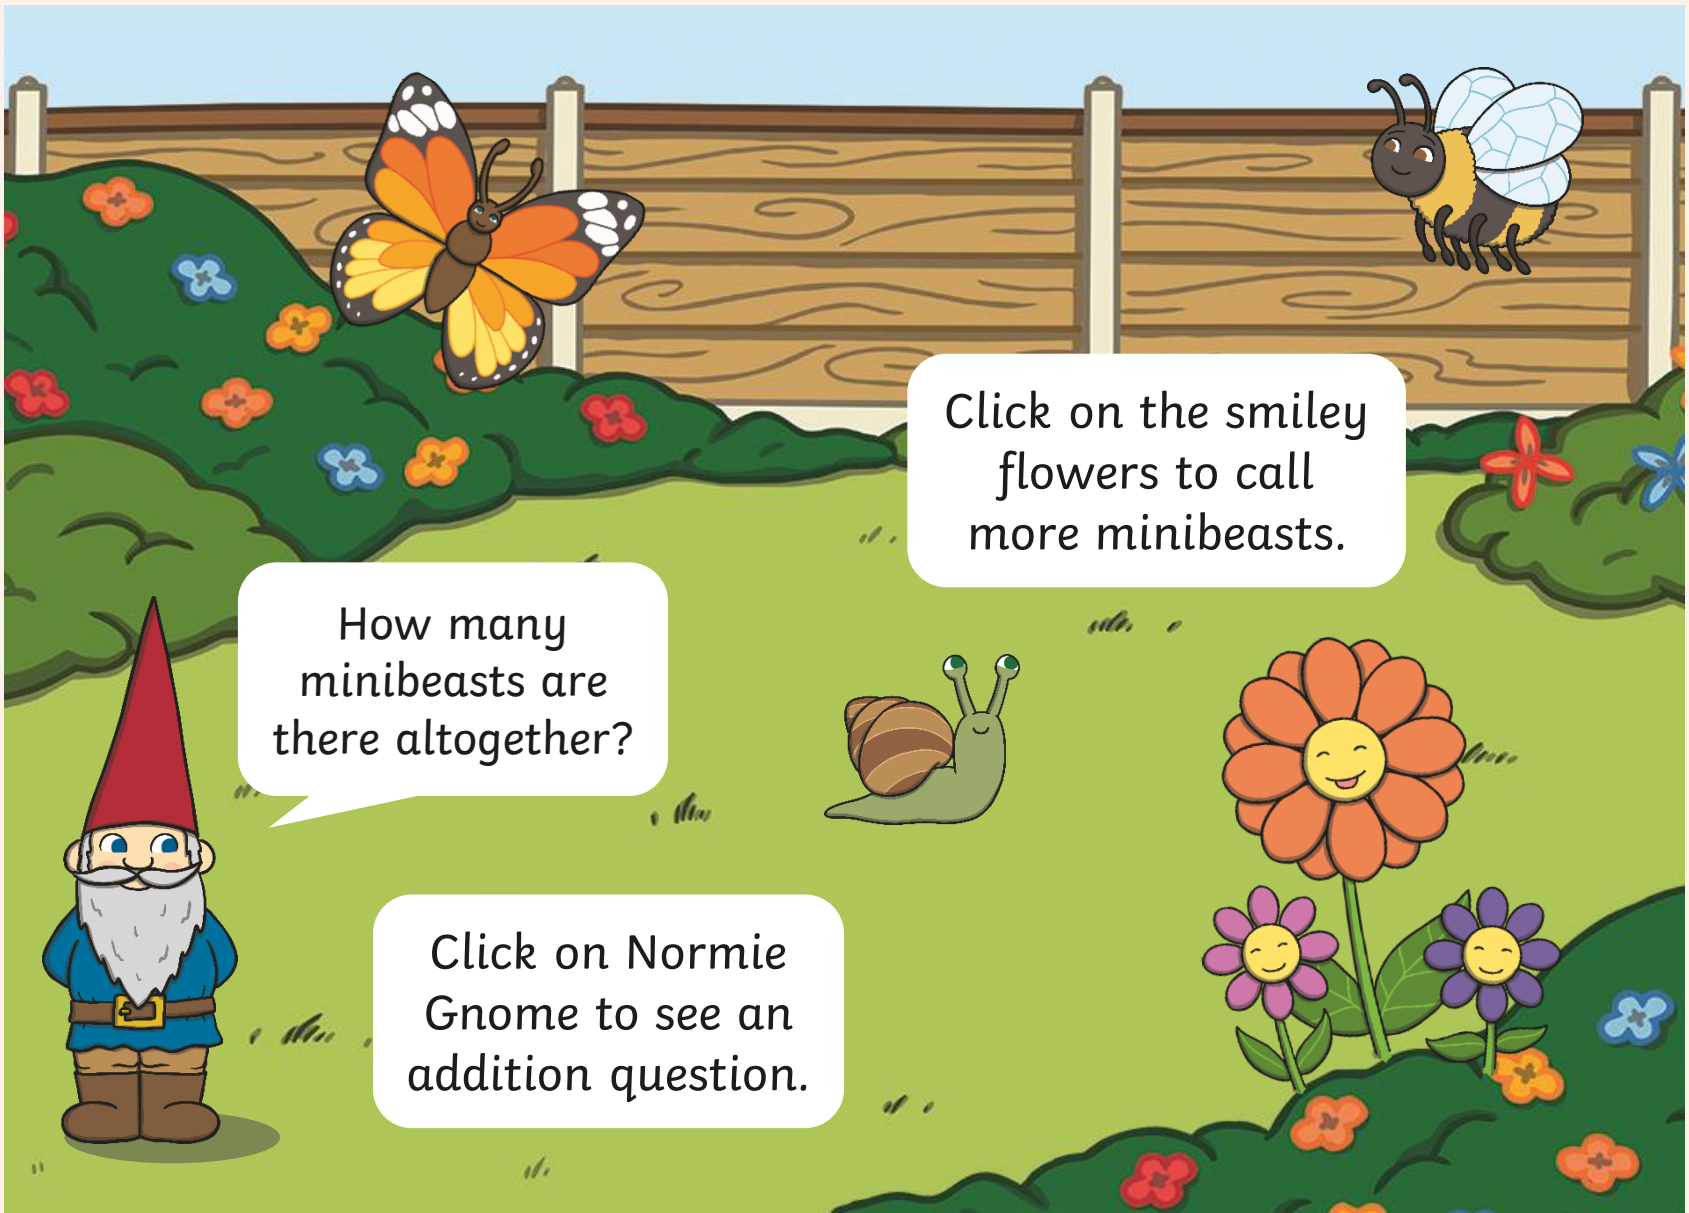

Welcome to my garden!
My name is Normie Gnome.

Lots of minibeasts live in my garden and some more come to visit every day.

Can you help me count the minibeasts in my garden?

You will need to practise adding more when more minibeasts arrive.

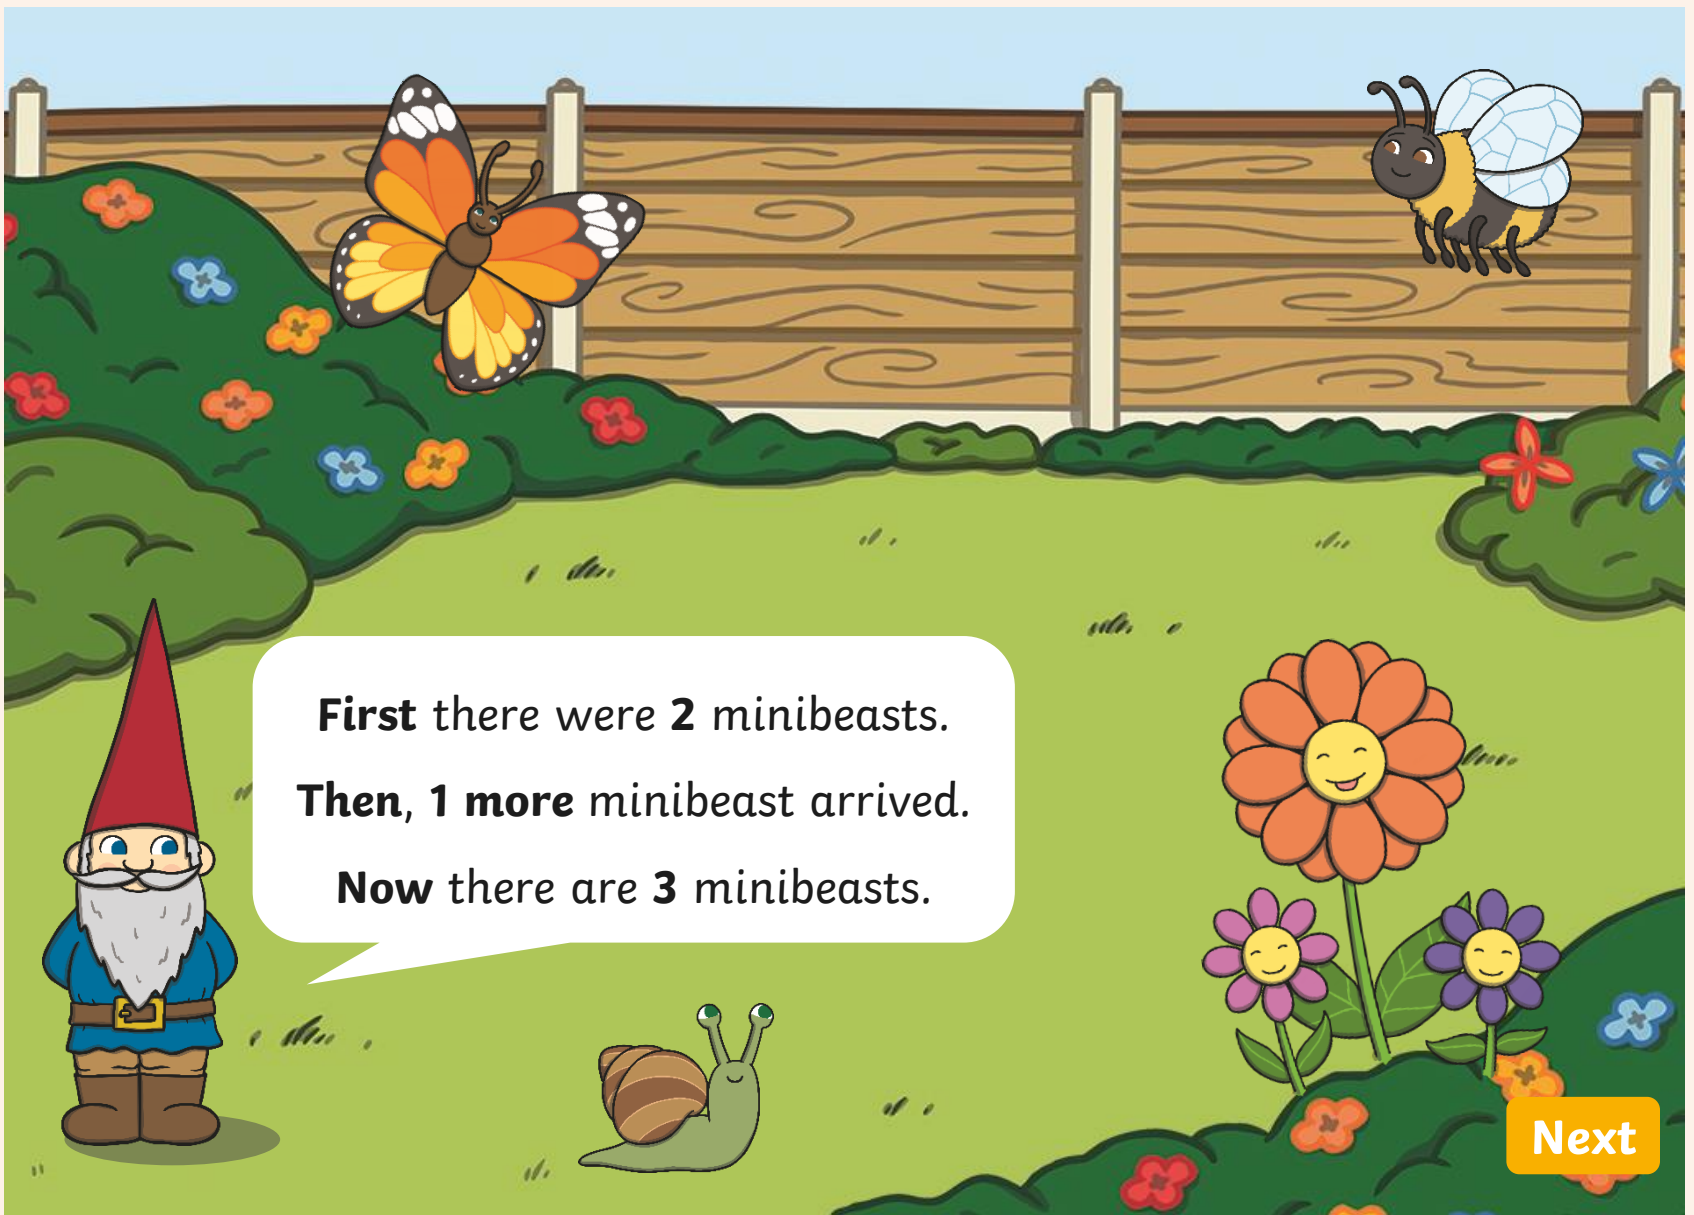

Next

Click on the smiley flowers to call more minibeasts.

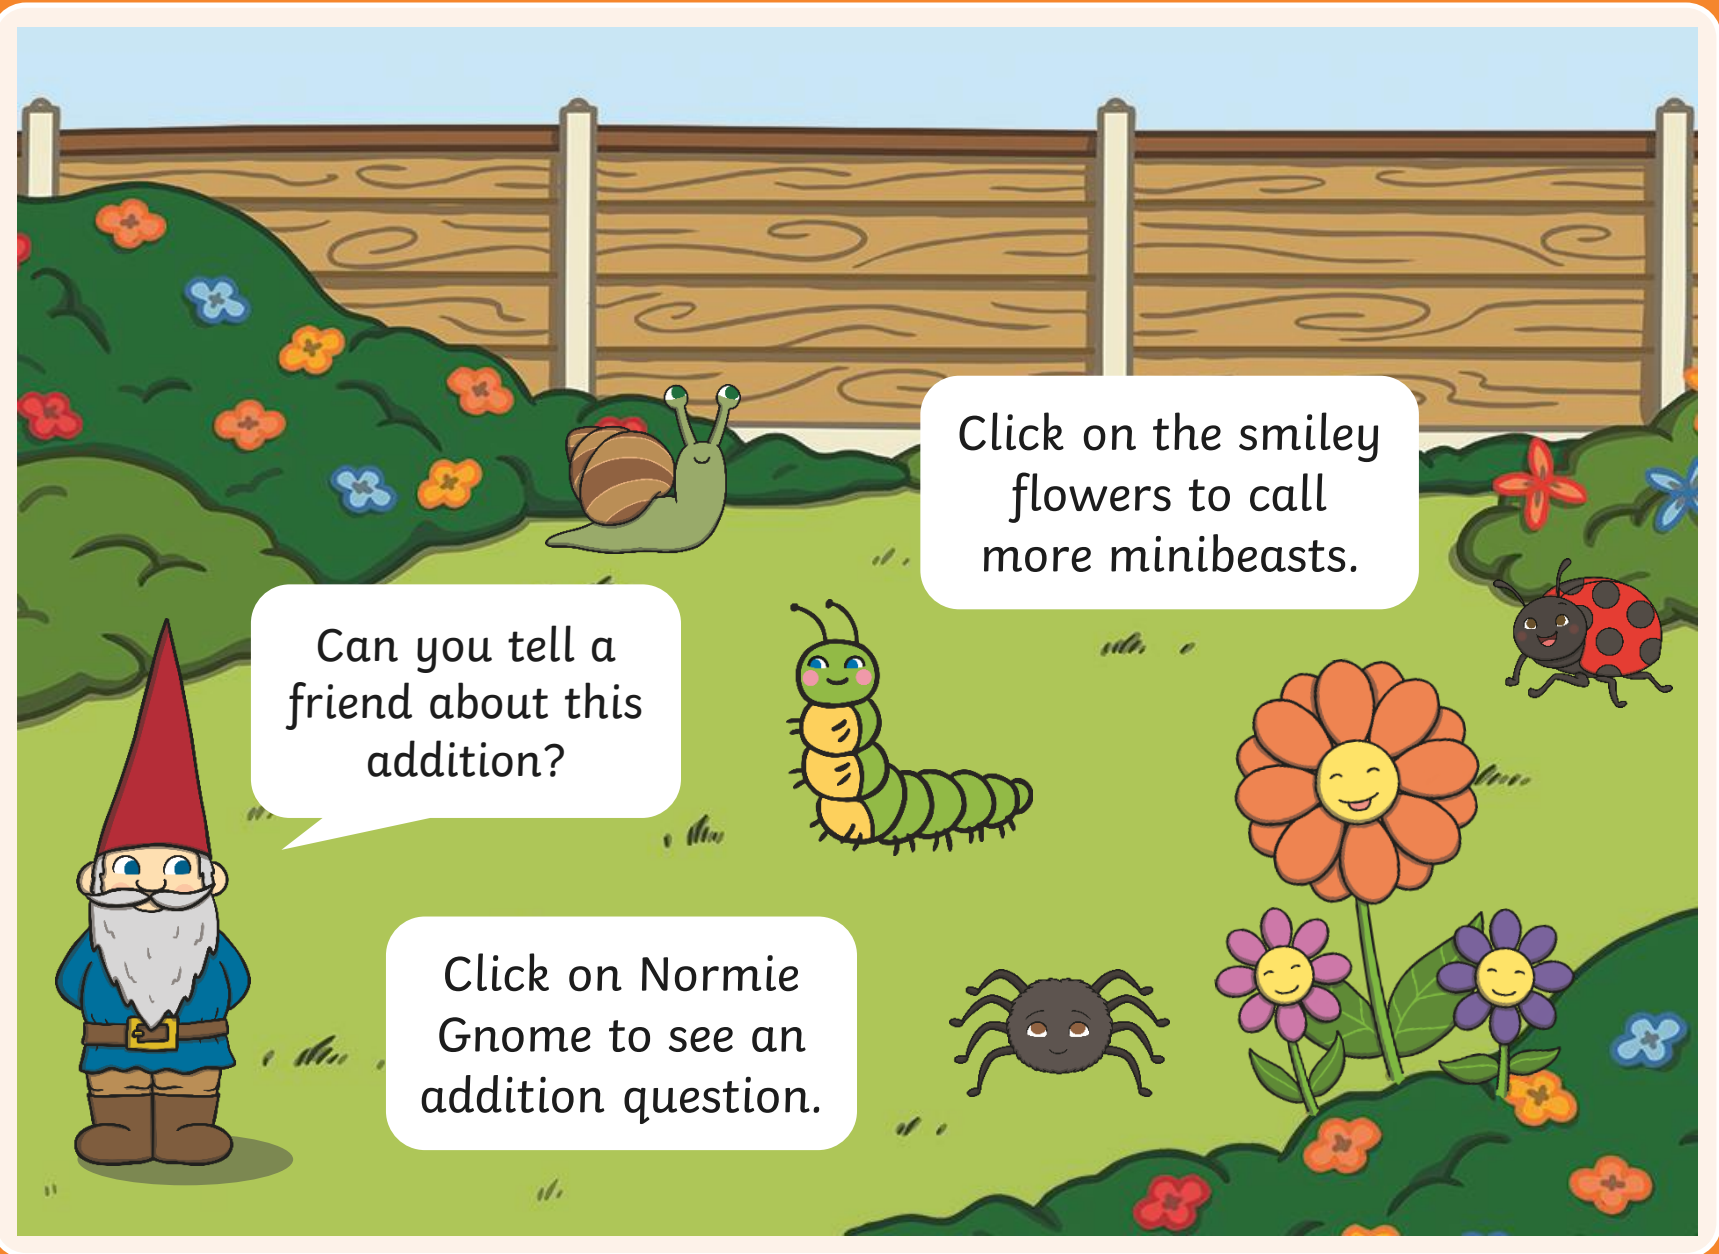

How many minibeasts are there altogether?

Click on Normie Gnome to see an addition question.

First there were **2** minibeasts.
Then, **1 more** minibeast arrived.
Now there are **3** minibeasts.

Next

Click on the smiley flowers to call more minibeasts.

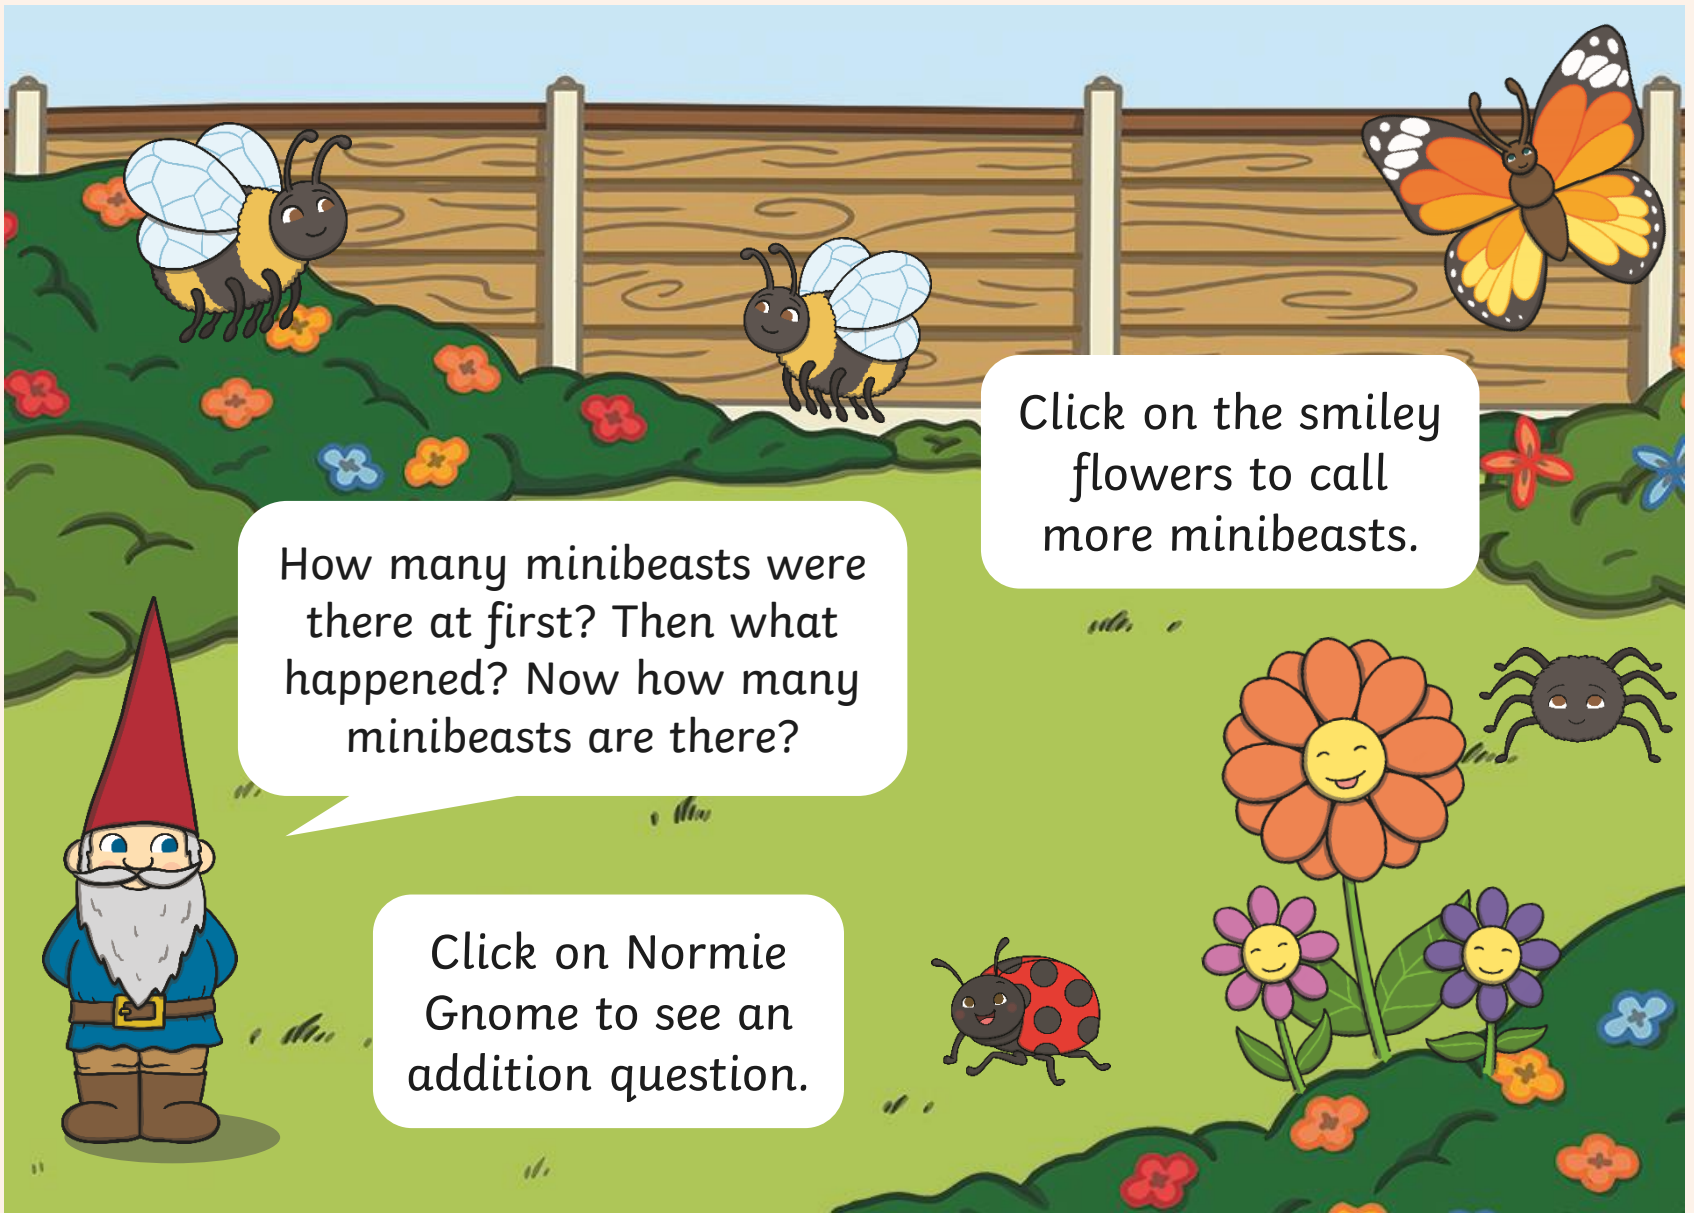

Can you tell a friend about this addition?

Click on Normie Gnome to see an addition question.

First there were **2** minibeasts.
Then, **2 more** minibeasts arrived.
Now there are **4** minibeasts.

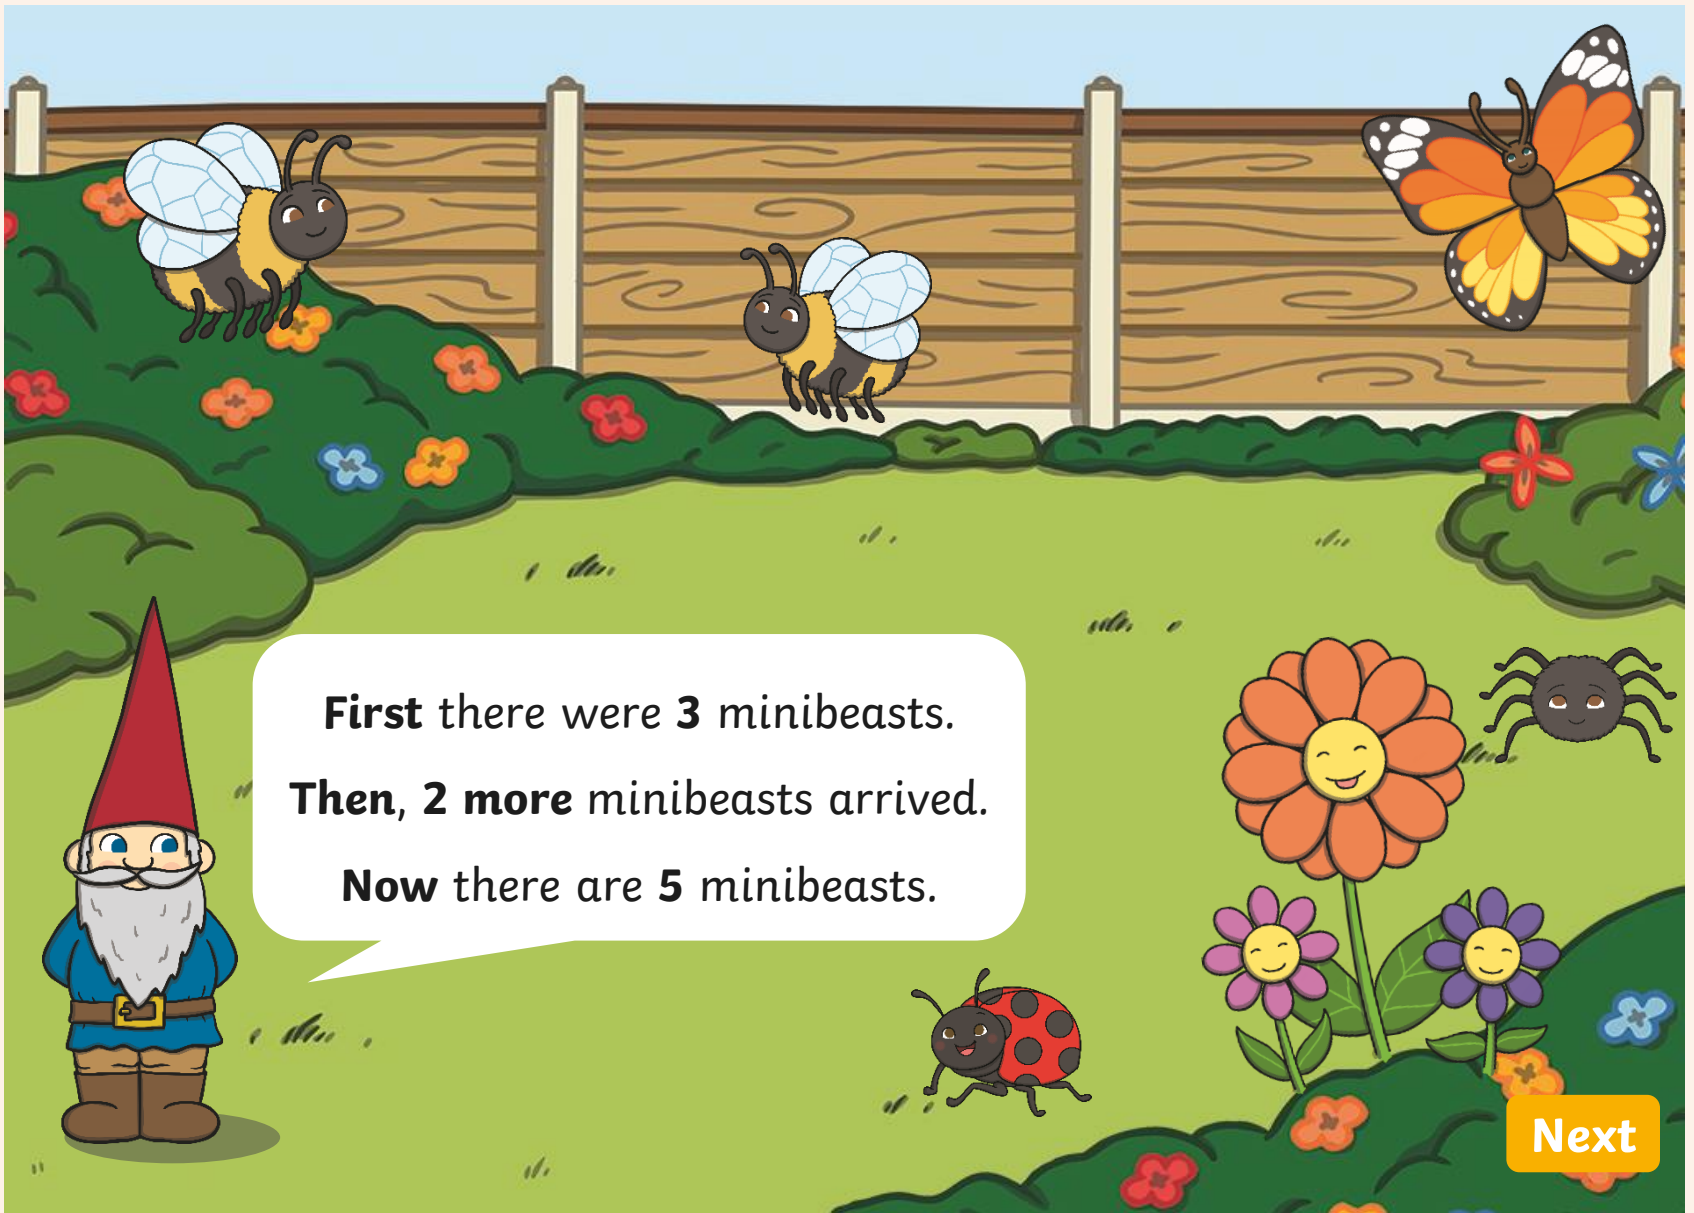

Next

How many minibeasts were there at first? Then what happened? Now how many minibeasts are there?

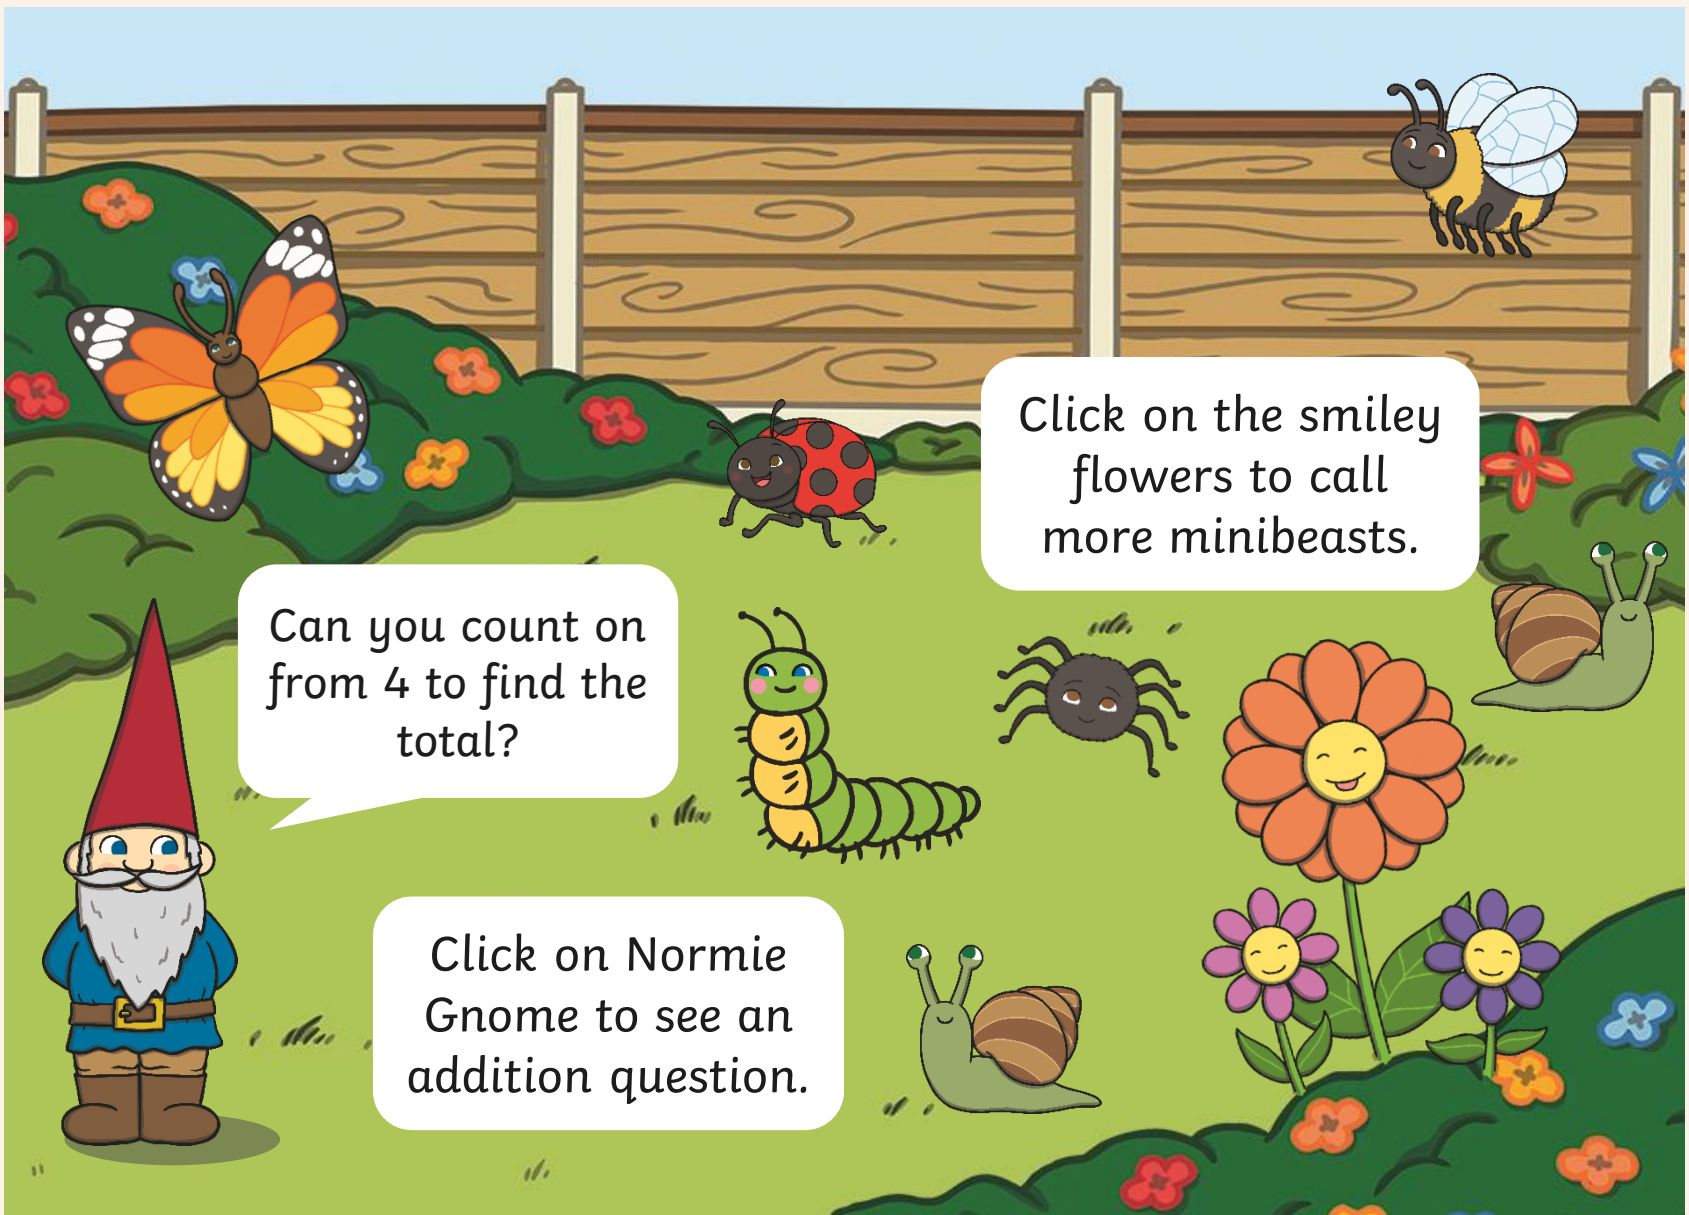

Click on the smiley flowers to call more minibeasts.

Click on Normie Gnome to see an addition question.

First there were **3** minibeasts.
Then, **2 more** minibeasts arrived.
Now there are **5** minibeasts.

Next

Can you count on from 4 to find the total?

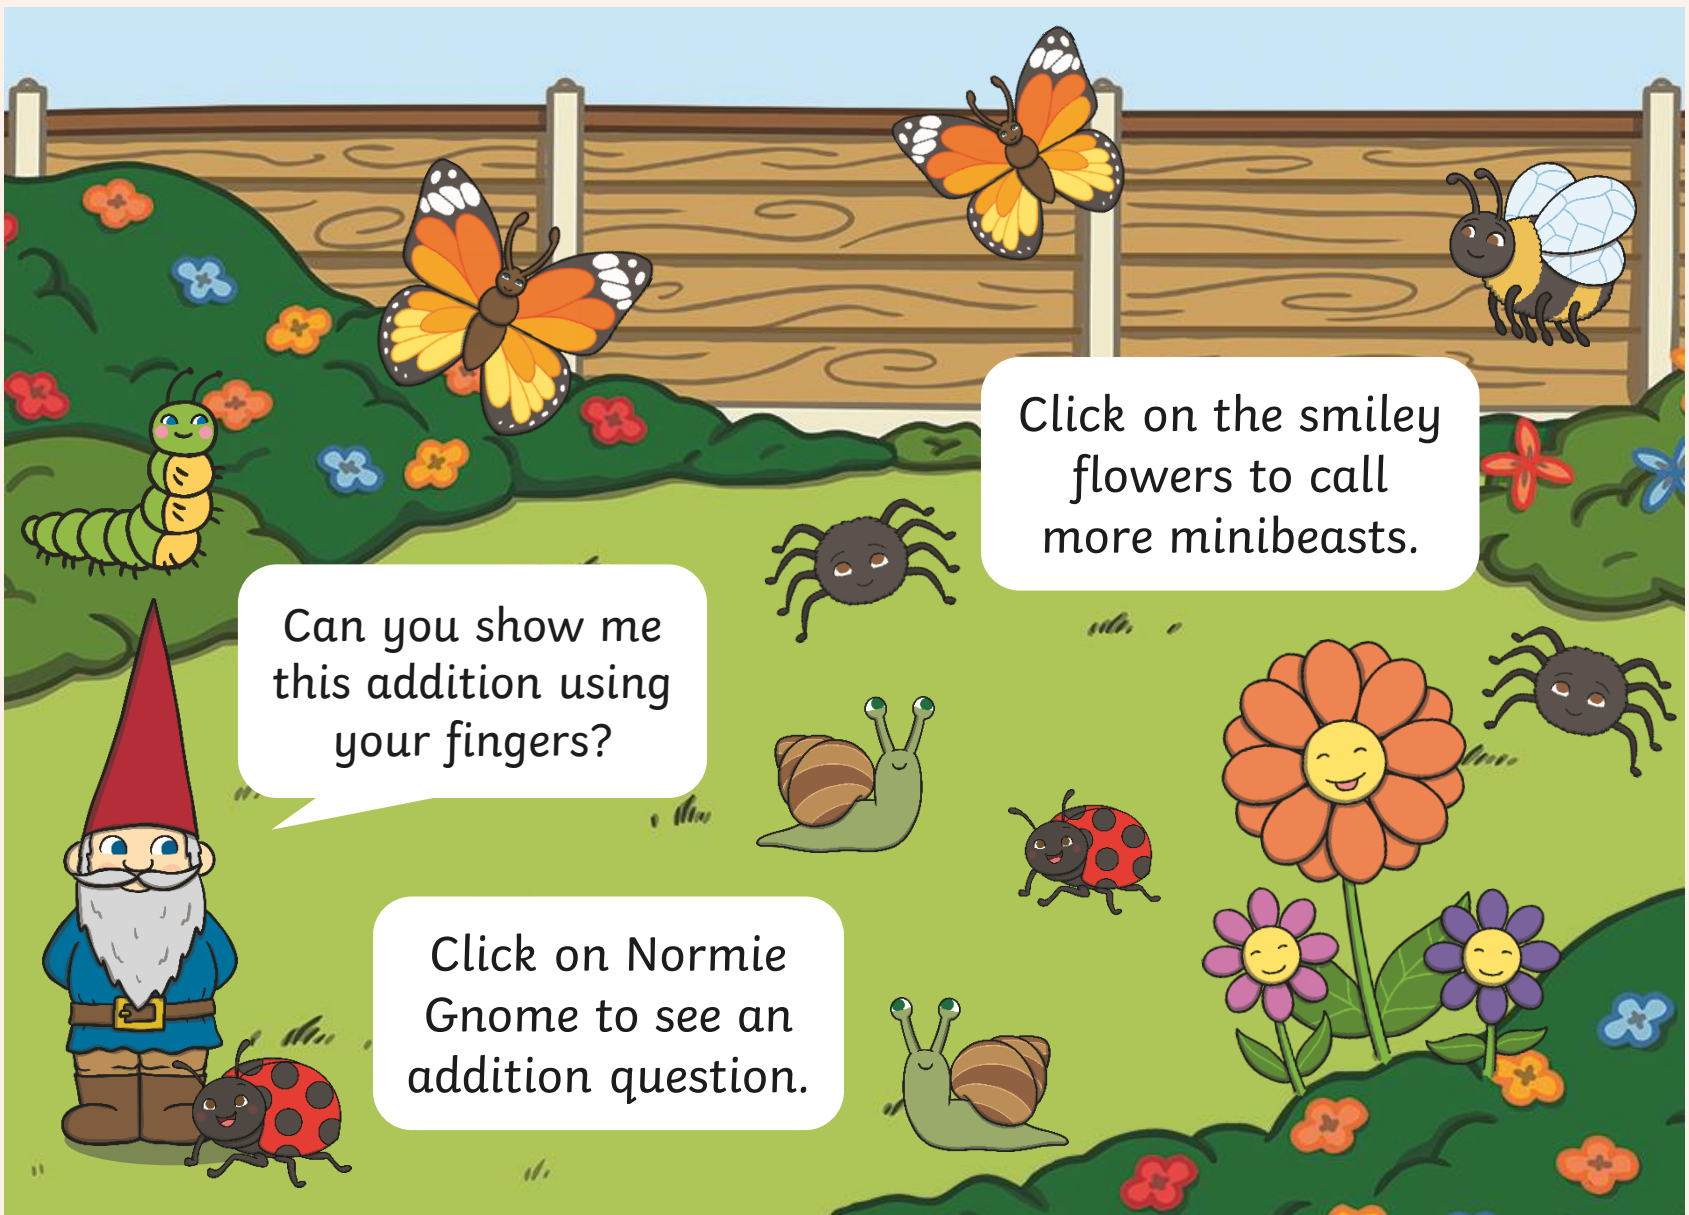

Click on the smiley flowers to call more minibeasts.

Click on Normie Gnome to see an addition question.

First there were **4** minibeasts.
Then, **3 more** minibeasts arrived.
Now there are **7** minibeasts.

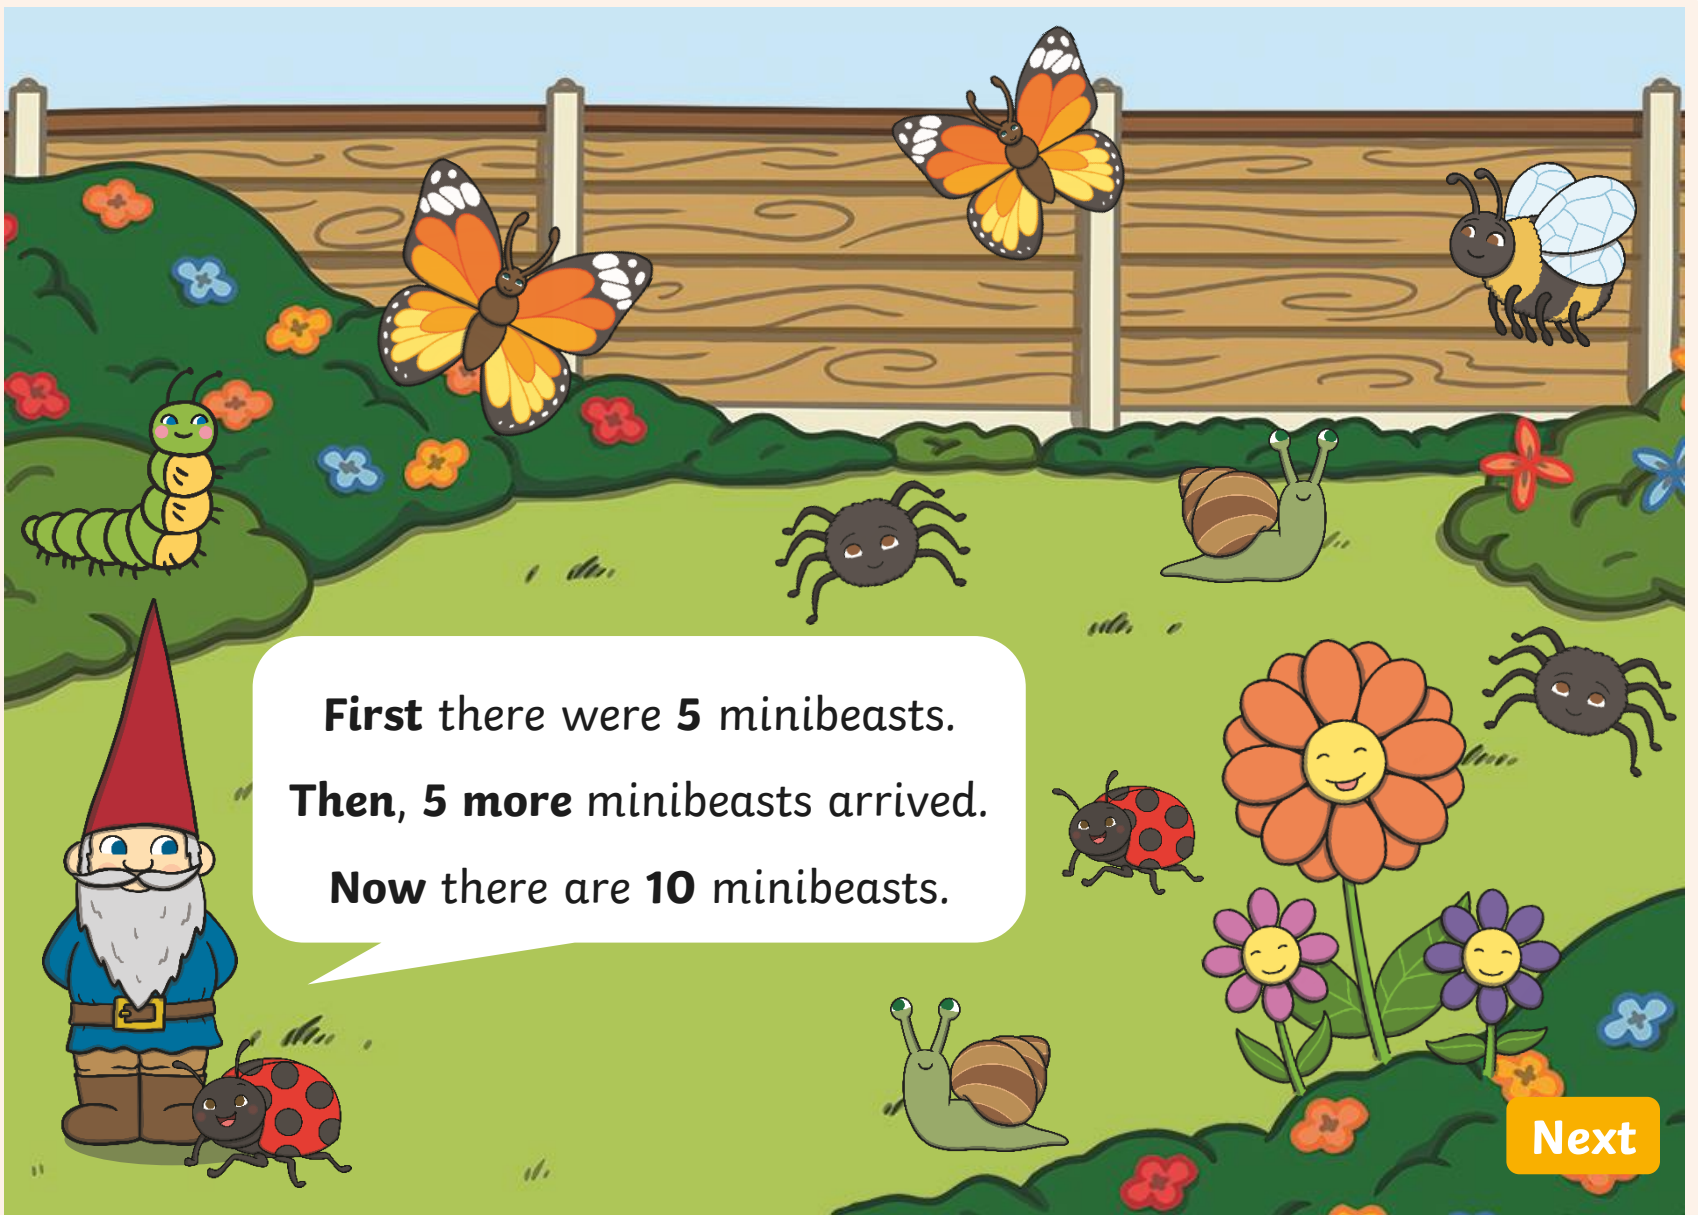

Next

Can you show me this addition using your fingers?

Click on the smiley flowers to call more minibeasts.

Click on Normie Gnome to see an addition question.

First there were **5** minibeasts.
Then, **5 more** minibeasts arrived.
Now there are **10** minibeasts.

Next

Great work!
You added more
minibeasts very carefully.

End
