RE: **Maths Home Support**

Dear parents and carers,

We want to support our pupils in their learning at home, as well as in school.

Please visit our school website Maths page to find a copy of our latest calculations policy. This document should give you an idea of the type of calculations we teach and the methods used.

<https://www.stbendic.bham.sch.uk/page/?title=Maths&pid=158>

Your child will also be coming home today with a **Maths No Problem Textbook**. As we have just purchased an updated version, these books are surplus to requirements in school and so we hope that they can be put to good use at home instead.

We do have a limited supply of **other Textbooks and Workbooks** and we are asking for a **50p donation** towards these (money will go into School Fund).

The extra books can be purchased via the school office at the end of the school day for the rest of this week.

Yours sincerely

Mrs Nott

Deputy Headteacher
